The German patent OS 37 04192 is submitted with an English-language abstract attached thereto. Generally, the patent relates to a method for making a baked dough and producing baked "cases" similar to pita bread. The method is more completely explained in the English-language abstract.

The Examiner is invited to read each reference in its entirety to ascertain its relevance to the present application and claimed invention. The Examiner is also asked to make each reference of record. Applicant does not believe that the disclosure contained in any of the above references anticipates Applicant's invention, or that any of the disclosures, alone, or in combination with other disclosures, render Applicant's invention obvious. The Examiner, however, is invited to read each reference in its entirety to ascertain its relevance to the present application and claimed invention. The Examiner is also asked to make each reference of record.

Respectfully submitted,
